## ALPHA SERIES

301-895-0102 | aqueousglass.com | sales@aqueousglass.com | 400 Essex Rd. London N1 3GH, UK

## **SLEEK SWING DOORS WITH MINIMAL HARDWARE**

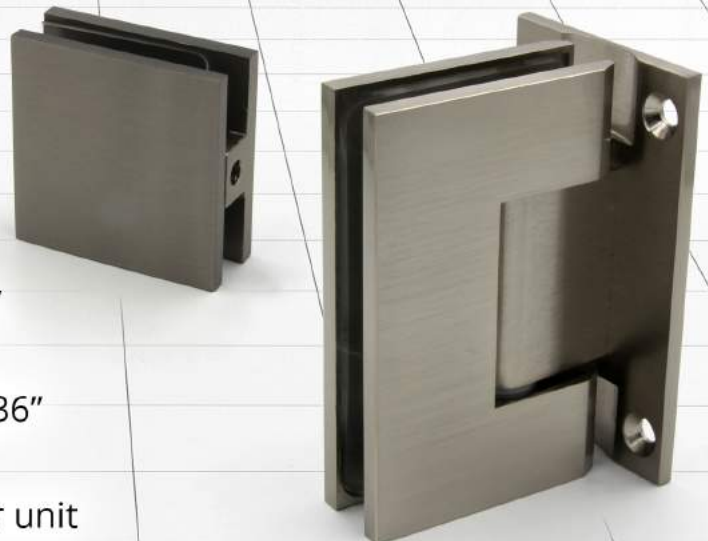

The ALPHA Series is a mid- to high-range frameless door and panel system with premium hinges and contemporary hardware. The door is hinged to the wall and closes against a stationary panel, fixed in place by 3/4" metal channel and metal wall clips.

**PORTALS HINGES  
WITH LIFETIME  
WARRANTY!**

**CUSTOMIZABLE!**

## **PRODUCT SPECS**

- **Glass:** 3/8" clear tempered
- **Unit Widths:** 34-36" | 46-48" | 58-60"
- **Unit Heights:** 72" | 76" | 80" | 84"

## ALPHA SERIES

301-895-0102 | aqueousglass.com | sales@aqueousglass.com | 400 Essex Rd. London N1 3GH, UK

## CUSTOMIZABLE OPTIONS

*You have a variety of options to choose from in order to customize your ALPHA series shower door to best compliment your bathroom!*

### HARDWARE FINISHES

- POLISHED STAINLESS
- BRUSHED STAINLESS
- CHROME
- BRUSHED NICKEL
- OIL RUBBED BRONZE

### CLEAR vs. LOW-IRON GLASS

ALPHA series doors are available in both traditional "clear" glass as well as low-iron glass, also known as HD glass. Iron content is what gives "clear" glass a slightly green tint, while low-iron glass is more optically clear and can give a shower enclosure a more defined luster, especially with intricate tile work!

### HANDLE OPTIONS

**C-Pull**

The C-Pull is the standard handle with all ALPHA series doors. However, you can also choose from any these additional styles!

**SQUARE PULL**

**MITERED  
SQUARE PULL**

**LADDER PULL**

## BRAVO SERIES

301-895-0102 | aqueousglass.com | sales@aqueousglass.com | 400 Essex Rd. London N1 3GH, UK

### SWING DOORS WITH DEEP CHANNEL

With premium hinges and contemporary hardware, the BRAVO Series is a mid- to high-range frameless door and panel system. Deeper channel translates into more standardized glass sizes and more adjustability for out of square conditions.

**PORTALS HINGES  
WITH LIFETIME  
WARRANTY**

**DEEP CHANNEL  
FOR MAXIMUM  
ADJUSTABILITY**

## MP SERIES

301-895-0102 | aqueousglass.com | sales@aqueousglass.com | 400 Essex Rd. London N1 3GH, UK

## DUAL-SLIDING SHOWER DOOR SYSTEM

The MP Series sliding bypass system is a sleek and economic option for finishing the look of your bathroom. Two sliding glass doors are secured on rollers within a solid metal header. The MP Series also has an amazingly short lead time since we maintain local inventory. In most cases, same day pickup is available.

### TOWEL BARS INCLUDED

### PRODUCT SPECS

- Glass: 3/8" clear tempered
- Unit Widths: 48" | 60"
- Unit Heights: 62" | 72" | 76"
- Lead Time: 3-5 business days
- Installation Time: 45-75 min

## MP SERIES

301-895-0102 | aqueousglass.com | sales@aqueousglass.com | 400 Essex Rd. London N1 3GH, UK

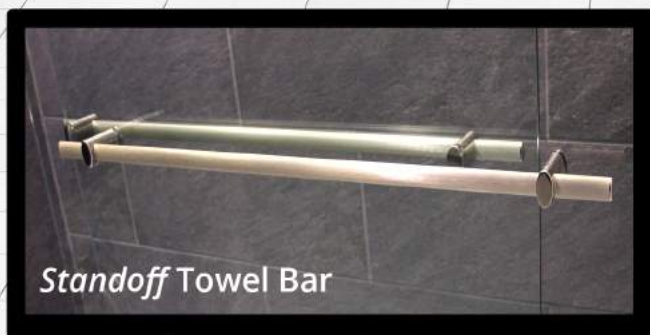

## COMPLETE THE LOOK

*The MP Series finally gives you a high-end look without an eye-popping price tag! MP stands for Meat & Potatoes, and that's what you're getting: a stylish workhorse that looks good and will stand the test of time hassle-free.*

Need an MP unit with a tub height? We've got you covered! The MP Series comes in a 62" height to accommodate standard height tubs and surrounds.

### HARDWARE FINISHES

- CHROME
- BRUSHED NICKEL

Standoff Towel Bar

All MP Series shower doors come with two of our sleek, modern *Standoff Towel Bars*, easily accessible both inside and outside of the shower enclosure

# TOUCH

301-895-0102 | aqueousglass.com | sales@aqueousglass.com | 400 Essex Rd. London N1 3GH, UK

## ***SOFT-CLOSE SLIDING SHOWER DOORS***

Shower doors have lagged behind bathroom drawers and cabinets in the soft-close craze. But the innovative mechanics of the Aqueous Touch make it the first reliable soft-close sliding shower door system on the market. No more clanks, no more clangs, no more arm wrestling your shower doors closed—start your morning with a serene and graceful Touch instead!

### ***PRODUCT SPECS***

- Glass: 3/8" clear tempered
- Unit Widths: 48" | 60"
- Unit Heights: 62" | 76"
- Lead Time: 3-5 business days
- Installation Time: 45-75 min

***AVAILABLE FOR  
IMMEDIATE PICKUP!***

# TOUCH

301-895-0102 | aqueousglass.com | sales@aqueousglass.com | 400 Essex Rd. London N1 3GH, UK

## COMPLETE THE LOOK

*It's not often that you're able to pair the phrases "above and beyond" and "under budget." But the Aqueous Touch offers both! Shower doors sequentially come last, but that doesn't mean you have to settle for less.*

Soft-close functionality is all the rage, and there's enormous pent up demand for shower doors with this feature. The Touch is available in both tub and shower heights for maximum versatility.

## ELEMENT I

301-895-0102 | aqueousglass.com | sales@aqueousglass.com | 400 Essex Rd. London N1 3GH, UK

## SINGLE-SLIDING MODERN SHOWER DOORS

The barn door look is one of the biggest bathroom design trends of the last 5 years, and the Element I is an attractive, affordable single-sliding option for customers wanting a modern barn door look for their shower doors. Its sleek, almost mechanical, header and roller design are distinctive, as is its 8" ladder pull handle.

### PRODUCT SPECS

- Glass: 3/8" clear tempered
- Unit Width: 60"
- Unit Heights: 76"
- Lead Time: 3-5 business days
- Installation Time: 90-120 min

**AVAILABLE FOR IMMEDIATE PICKUP!**

## ELEMENT I

301-895-0102 | aqueousglass.com | sales@aqueousglass.com | 400 Essex Rd. London N1 3GH, UK

## MODERN BARN DOOR SYSTEM

*The Element I puts the barn door look in reach for customers at every price point! Until now, the most popular systems have been prohibitively expensive. But the Element I is a game changer.*

We built the Element I from the ground up to incorporate the most popular features in the barn door segment, including minimalist rollers and guides so that the hardware doesn't dominate the overall look, allowing the glass and tile work to take center stage.

### HARDWARE FINISHES

- POLISHED STAINLESS
- BRUSHED STAINLESS

## PASSAGE II

301-895-0102 | aqueousglass.com | sales@aqueousglass.com | 400 Essex Rd. London N1 3GH, UK

## DOUBLE-SLIDING BARN DOOR STYLE

The Passage II has a similar look to the Cambridge system from C.R. Laurence. But unlike the Cambridge, the Passage II represents an affordable way to integrate the double-sliding barn door look that's become so popular in recent years. The square header is one of the most compact designs on the market, making it less of a focal point than you'd find with comparable systems. Dual disc knobs accomplish the same thing: less protruding metal to better highlight the glass and any custom tile work.

*Bottom Guide*

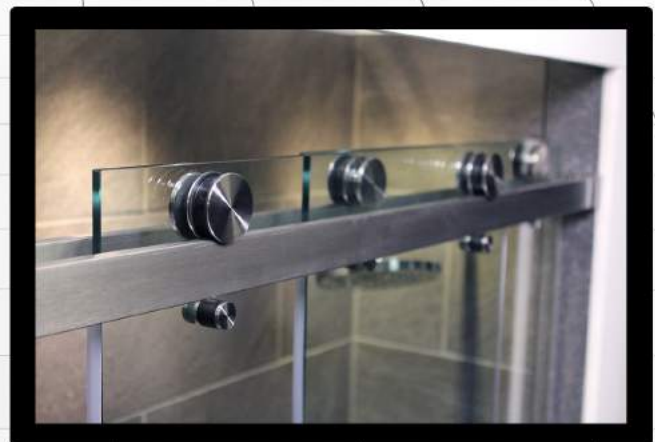

*Disc Knobs*

**AVAILABLE FOR IMMEDIATE PICKUP!**

Door Rollers

### HARDWARE FINISHES

- POLISHED STAINLESS
- BRUSHED STAINLESS

Single-sliding barn door systems have been around for over a decade. However, not every bathroom layout lends itself to a single sliding door paired with a stationary panel. Enter the Passage II, an exciting new offering from Aqueous that makes the double-sliding barn door look a viable option
